TASKalfa 2551ci - COST-EFFECTIVE FUNCTIONALITY MEETS EXCEPTIONAL COLOR IMAGING

Your business is constantly in motion, with documents circulating around and out on a daily basis. To meet these demands, it is essential that you have an MFP that can handle your copy, print, scan and fax requirements with ease. Moreover, as your company continues to evolve in order to remain competitive, you need to look beyond the basics. You need a complete document solution that integrates directly with how YOU do business.

Introducing your new document imaging partner... The TASKalfa 2551ci.

Today, companies of all sizes require access to advanced technology that will keep their business operating at its best. The KYOCERA TASKalfa 2551ci answers this need with a budget-friendly, compact, MFP solution that puts robust functionality within reach.

The TASKalfa 2551ci utilizes powerful, yet scalable integrated KYOCERA business applications, turning complex workflows into simple processes. Exceptional business color capabilities and flexible finishing options put you in control of your output. Speaking of output, your hardcopy or digital files can be accessed or shared in-house, across the globe, or on the run via your mobile device.

CUSTOMIZABLE FEATURES FOR THE FLEXIBILITY YOU NEED

Information is your most important business asset. The flexible configuration of the TASKalfa 2551ci keeps it moving on your terms. Choose from one of three optional document processors based on your scanning needs. Select paper drawer options that conform to your varying documents. Or add a cabinet for increased storage space. And do it all without sacrificing quality or performance.

- 25 ppm output • Scan speeds of up to 100 ipm
- Exceptional, reliable imaging in crisp black or vibrant color • Convenient finishing options

SECURELY MOVING INFORMATION WHEN AND HOW YOU NEED IT

Taking MFP functionality and convenience to the next level, the TASKalfa 2551ci powers the needs of today's on-the-go workforce:

- Built-in Gigabit Ethernet for high speed data processing
- USB host interface provides print-from and scan-to convenience
- Command Center RX web interface enables remote device monitoring from anywhere on the network
- Wireless option lets you place your device virtually anywhere
- Apple AirPrint™ enabled for iOS devices, providing a mobile printing solution

As importantly, increased emphasis on the protection of confidential information has raised document security concerns to new heights. KYOCERA's powerful standard and optional security solutions protect sensitive information from interception.

- Standard PDF encryption, password protection, user authentication and private print help keep information safe by mitigating unauthorized access
- Optional HID card readers minimize IT burden while maximizing security, using existing infrastructure
- An optional Data Security Kit provides hard drive overwrite and encryption for your critical business documents
