TASKalfa 3510i - UNSURPASSED PERFORMANCE FOR SUPERIOR DOCUMENT IMAGING

Optimized document workflow is critical to the success of your organization. By automating routine tasks and maximizing processes across various document touch points, the right MFP can radically transform how your business operates.

The TASKalfa 3510i responds to the demands of today's complex office environment with new levels of productivity. Basic copy, print and scan functionality you expect from your MFP meets the power of advanced business applications. From document management to mobile apps, companies and workgroups of all sizes will benefit from KYOCERA's ever growing portfolio of business-enhancing apps.

Whether you need hard copy prints in a matter of seconds or need to route digital documents to your remote employees, this device has you covered. The TASKalfa 3510i... So much more than a multifunctional device, and only from KYOCERA.

ROBUST CAPABILITIES WITHOUT COMPROMISE

The TASKalfa 3510i is big on the features that larger businesses and workgroups alike need to keep their information moving and users productive:

- An optional 175-sheet Dual Scan Document Processor fuels super-fast, multi-page scanning of up to 160 ipm in black and 80 ipm in color.
- The 3,000-sheet finisher allows for longer continuous job runs. Combined with an output speed of 35 ppm, it enables you to efficiently and cost-effectively keep those larger tasks in-house.
- An optional 7-bin mailbox prevents the co-mingling of output that often occurs with multiple users on a device.
- An optional dual 1,500-sheet letter size paper tray eliminates the need to swap out paper in your standard drawers to accommodate runs of different sizes, while boosting total capacity to 4,100 sheets.

MOVING INFORMATION SECURELY AND ON YOUR TERMS

Today's mobile workforce needs document capabilities that mirror their work style. The TASKalfa 3510i shifts traditional copy, print and scan into overdrive, taking MFP functionality and convenience to the next level:

- Optional wireless lets you place your device virtually anywhere
- USB host interface for print-from and scan-to convenience
- Command Center RX web interface enables remote device monitoring network-wide
- Apple AirPrint™ enabled for iOS devices

Protecting information today is a must. KYOCERA's powerful standard and optional security solutions address compliance needs while safeguarding sensitive information across the network.

Standard PDF encryption, password protection and private print, plus an optional Data Security Kit for overwrite and encryption keep confidential files confidential:

- Restrict document access to only those permitted to view them
- Allow multiple users at the same device without compromising security with password protected print release
- Ensure privacy by overwriting all previous jobs on the hard drive with multiple overwrites

Add the convenience of Optional HID card access:

- Eliminate the need for employees to remember their access code
- Allow for faster device sign-in with a simple card swipe
- Mitigate the opportunity for passcode theft
- Reap the cost benefits of authorized-only device use
